

This is our second competitive level for swimmers aged 8-10 who are performing beyond the W1 program in competition and in practice. Swimmers will be familiar with competition and will be working to build on their racing experiences. The outcome goals are the introduction of longer races, build positive relationships with teammates, advance all 4 strokes, and to see the value of hard and consistent work. Mental Skills include “just do it”, and go and give it your best shot.
