For the 2026/27 season, each family will be responsible for completing an assigned number of shifts for each of the listed home meets above, based off the swimmer at the highest level within the program. If all shifts are not completed, then there will be a $100.00 charge posted to your account for each missed shift upon reconciliation of the service hours. We are hoping that the new direction that we are taking as a club will build our community, our group of Swim BC officials, and make each hosted competition an RMSC family event.

Are you timing or officiating at other meets hosted across the province?

During the 2026/27 season we are excited to offer our RMSC families a $20.00 credit on your family account for each volunteer shift that is completed at another teams hosted meet.
