

Swimmer of the Month

May Swimmer of the Month - Leadership

The May Swimmer of the Month was awarded to the swimmer in each group who best exemplified the value of **Leadership**, taking initiative and demonstrating leadership during practice and competition.

There are leaders everywhere in swimming! You can be a leader by being the first one into the pool, and the last one out. Leaders pull lane ropes, and leaders get their teammates ready for their relays. A leader is not necessarily the fastest swimmer in the group, although those swimmers are often leaders because of their positive habits. If you want to be a leader, start with being the ultimate teammate. Cheer for your OSC teammates, and take charge!

- If you're a leader, then everyone looks to you to lead them through the tough sets
- It means stepping up to the plate even when you don't want to, so others can too
- Finally, it means elevating everyone else to the highest level possible for them

Congratulations to all of the swimmers winning **Swimmer of the Month** for **May!**

<p><u>High Performance</u></p>	<p>Andrew Welsh</p>  A close-up portrait of a young man with dark hair, looking directly at the camera. He is wearing a green and white swim cap. The background shows an indoor swimming pool facility with lane lines and equipment.
<p><u>Performance</u></p>	<p>Victor Hong</p>  A group photo of three young men standing together in a swimming pool. They are all shirtless and smiling. The man in the center is wearing a black swim cap. The man on the right is wearing goggles. They are standing in front of a pool lane.
