### Notes:

Registration fee is due at the registration time and not refundable. This is inclusive of September fees (or the first month if swimmers join mid-season).

A surcharge of 3.2% + 40 cents for credit card payment or 1.1% + 30 cents for debit payment will be applied by the system.

Monthly fees will be withdrawn on the first day of the month.

For multi-swimmer families, the child with the highest costing practice group pays full price rate, all others pay additional children rates.

All meet entry fees in NS are included in registration fees. These do not cover meet entry fees outside of NS (e.g. National Championship, East Coast).

Per SWAT Volunteer Point Policy, families will not be required to pay for volunteer fees when they complete sufficient volunteering. The balance will be withdrawn in July or the last month of swim season.

Families who don't meet fundraising requirements will require to pay the outstanding balances. It will be withdrawn in July or the last month of the swimmer's season. The Fundraising initiative(s) are currently TBD.

When the head coach recommends, and families agree, to have their swimmers move up a practice group, the higher monthly charge will be applied.

The refund policy is the following: before Dec 20th 60% refund; between Dec 21st and Feb 28th 30% refund; between March 1st and 31st 15% refund; after March 31st no refund.
