IMPORTANT FEE INFORMATION

Swim Nova Scotia Fee: A mandatory Swim Nova Scotia registration fee is due at the time of registration. This fee is non-refundable, must be paid before participation, and is required for all swimmers registered with the club.

Online processing: Stripe payments are subject to an estimated 3% processing fee. For example, a \$210 monthly Nova Tech installment would increase by approximately \$6, for an estimated monthly payment of \$216.

Meet fees: Entry fees for regularly scheduled Nova Scotia meets are included in **Nova Tech program fees. Meet fees are **not** included for Junior and Atlantic groups and will be charged separately and reconciled throughout the season.

Group changes: Fees are adjusted when a swimmer accepts a Head Coach recommendation to move to a higher practice group.

Refunds: Refunds are calculated on the remaining program fees as follows: 60% before December 20; 30% from December 21 through February 28; 15% from March 1 through March 31; and no refund after March 31. The Swim Nova Scotia fee is non-refundable. Please refer to the TCSC Refund Policy for complete terms and conditions.

Payment options: Program fees may be paid in full or by monthly installments. The first installment is due at registration; remaining payments are processed monthly through June.

Multi-swimmer families discounts: The highest-cost swimmer pays the full fee. Program-fee discounts of 10% for the second swimmer and 15% for the third and subsequent swimmers apply.

Family commitments: Big Swim and volunteer commitments are assessed per family. Families that complete the required volunteer points for their highest practice group will not be charged the volunteer fee. Any outstanding volunteer amounts will be billed in July. Please refer to the TCSC Volunteer Policy for full requirements and details.

Year-end banquet: The cost of the swimmer's banquet ticket is included in the monthly program fees.
